

# Schools Report Drop In Enrollment of 28

A decrease in enrollment in Arlington public schools was announced this week as of September 12, with total registration to date listed as 5,980 pupils.

Chief drop was at Arlington high school, where a total of 1257 were enrolled, 69 less than last year.

The Vocational high school had an increase of 30, and the junior high school's a drop of six, the elementary schools an increase of 13 and the junior high industrial arts an increase of 4.

The enrollment by schools and by grades as compared with Sept. 8th, 1949, follows:

1950	1949	Change
High School	1257	1326 69

# Seventy-One Hear Discussion About Town Manager Plan

The article to appear on the warrant for the special Town Meeting, relative to a Town Manager form of government, was discussed by seventy-one people at a hearing held Monday night by the finance committee.

Mr. J. Howard Hayes, chairman of the committee, reported that he feels there is a decided feeling in favor of the Town Manager plan. At any rate, he said, the Town Meeting members will at least have a vote on the matter.

Mr. Frederick Glynn, who presented the article, reported the plans of his committee and described how the plan would work to the assembled throng.

In brief, the plan as he presented it, differed from our present government in matters pertaining to election of Selectmen and the set-up of the public works department, School committee and other boards and committees now in operation.

A vote was taken at the meeting on the following points: Those in favor of the proposed plan—18 vo-

ted for out of fifty five. (2) Those in favor with modifications, six for out of fifty five. (3) Those opposed to any changes—No votes. (4) A Town Manager form of government in some way—38 for out of fifty five. (5) To present the act as it stands to the Town Meeting—40 for out of fifty five.

There was no direct opposition to the proposed plan but those who were doubtful asked for time to study the bill before committing themselves.

The finance committee will take all the evidence under advisement and will furnish their report at the special Town Meeting, requesting the members to either take action or take no action, on the article.

## Police List Series of Robberies

Arlington police reported the following attempts at breaking and entering and larceny over the week end.

Friday night a prowler was reported attempting to gain entrance to a home at 33 Swan place at 2:30 a. m. When police arrived at the scene the man disappeared.

# Wires, Trees, Down Lights Out As Gale Winds Sweep Town

## PARADE BY FOLLOWERS OF PURCELL

A torchlight parade, which will form in the rear of Arlington High School at 6:45 p. m. tomorrow evening and tour Arlington, Medford, Winchester, and Woburn; plus the opening of a Purcell for State Senator headquarters at 452 Massachusetts Avenue, Arlington Centre are the highlights of the week in Selectman Joseph A. Purcell's final week's drive for the State Senate seat.

The parade idea which has roused much enthusiasm among the Purcell supporters will be the first in Arlington in almost 20 years. Marshals for the parade are now planning the route and all supporters of the well liked Selectman are invited to take part.

The headquarters for Purcell is located in Arlington Centre in the store formerly leased by the Centre Appliance. Meetings and organizational work will take up most of the time left to the busy candidates before the primaries next Tuesday.

House parties in Arlington Heights, East Arlington and Medford were held for Purcell this week and the enthusiastic supporters of the local candidate feel he will win handsily if his expected East Arlington vote comes out.

Gale winds accompanied by abnormally heavy rains swept Arlington Monday afternoon and night tearing down trees, wires and huge limbs and crippling the mutual aid system between the Arlington, Medford and Winchester fire departments.

Lights were out for more than three hours in the Morning-side sector of Arlington and in the Pine street area. Street lights blinked out in most sections of the town around midnight as the strongest gusts of wind were felt. The switchboards at the Arlington fire and police stations were jammed with phone calls from 7:00 p. m. Monday night until 2:00 a. m. Tuesday morning advising these departments of wires burning, lights out of order, trees and wires down.

The public works department reported that at midnight the demand for warning lights and lanterns became so heavy that they ran out of red warning lamps and were forced to use police department flares and accident lights, in many of the places where large trees and limbs had fallen.

The Boston Edison company dispatched eight trucks and crews here to supplement their usual equipment in order that they might shut off power in areas which had live wires on the ground.

The Arlington Fire department answered a box alarm on Fairview Continued On Page Two

# Arlington Election To Be Spirited One

With contests on both sides of the political fence in several important posts in the ballot, Arlington seems slated for a more spirited primary election next Tuesday than many of her Bay State neighbors.

With the Town's Chairman of the Board of Selectmen apparently in the lead for a State Senator nomination, and Representative to nominate in both districts, Arlington has more than the usual top ballot interest in the activities of next Tuesday.

Joseph A. Purcell, local attorney, seems to be waging a more active campaign for the Sixth Middlesex Nomination than his many opponents, and last minute surges of support by local Democrats indicate he may represent his party in the November elections to choose a successor to Harris Richardson of Winchester.

Contests on both sides of the 28

District Representative Race should increase the number of voters.

Henry E. Keenan and Hollis M. Goff, Democrat and Republican respectively, are seeking re-election.

Two Democrats and Two Republicans will be nominated. Precincts 1, 3 and 5 of Arlington will participate with residents of Somerville in nominating candidates for the 25th Middlesex District. Joseph McAvoy is the incumbent seeking re-election.

Voters of both parties will participate in the contest for nomination of a County Commissioner, with Thomas Rawson and Thomas O'Neil as local aspirants. A contest for the officers of County Sheriff also is wide open on both sides.

Republicans will have choice of a candidate for Governor, Lieutenant Governor and Governor's Council member. Candidates also are competing for nominations for Secretary of State, State Treasurer, State Auditor, Attorney General, Repre-

# Strange Gas Damages Score of Homes In Morningside Section

## Editorial

## THE BEST— FOR THE MOST

When a favorite son candidate has an excellent chance for state office, then communities frequently forget minor differences and unite for the good of the whole.

Joseph A. Purcell, chairman of the Board of Selectmen of Arlington is a candidate for the Democratic nomination for State Senator from the Sixth Middlesex District. He has waged and is waging, an active and interesting campaign for this significant state post.

There are many candidates in the field representing Arlington, Winchester, Medford, and Woburn. The numbers will split the vote many ways.

A large turn-out of voters in Arlington to support Mr. Purcell will assure his nomination. With the political strength in this area more evenly divided than ever before, this nomination may bring a State Senator to Arlington in November.

One Arlingtonian stepped aside to assist Mr. Purcell in the wide-open campaign ahead. Many Democrats are rallying to Mr. Purcell's assistance.

The PRESS urges a vote for Mr. Purcell on Tuesday, September 19th, as a move which will most benefit Arlington.

# One Injured, Three Cars Are Damaged

One woman was injured and three cars damaged in a three car collision at the corner of Mystic and Summer Streets Saturday evening. The accident was reported to Officer Henry Bradley in Arlington center by a passing motorist.

Mrs. Marilyn Wilson of Chelsea was injured, according to police, when the car in which she had been riding was struck in the rear by a car driven by Frances Hamilton of Billerica, after the Hamilton car had struck a sedan driven by George E. Pearl of Somerville.

The Pearl car was proceeding into the intersection of Mystic Street and the Parkway when the Hamilton car struck it on the right front fender. The Hamilton car hit the Wilson car after carrying off of the Pearl car.

Mrs. Wilson was shaken up and reported she would be treated by her own physician.

# Hold-Up Nets \$1,000 From Berman Store

Lexington police reported Saturday evening, two armed men had entered the Berman Liquor Store on the Arlington-Lexington line and robbed the proprietor of about \$1,000.

Two men whose description was vague entered the store at 9:00 p. m. Saturday night and forced four customer and clerk to lie on the floor while Mr. Berman was forced at gunpoint to empty his till.

The men escaped from the store shortly after Mr. Berman had run out the back door to alarm police.

# Woman Hospitalized; State Chemist Joins In Search For Source

One woman was felled and some fifteen or twenty houses were damaged Monday night and Tuesday as a mysterious gas swept over a section of the Morningside area causing some \$20,000 worth of damage.

Mrs. Christine Carbonneau of 99 Beverly Road was taken to the Symmes Arlington hospital to be treated for gas inhalation by the Arlington Police.

The gas later described as hydrogen sulphide was first discovered, according to residents of Beverly road, about 6:00 p. m., Monday night. Most people claimed they did not report the distinct odor because they thought it was something being carried by the wind. However, Tuesday morning a number of calls to police headquarters reporting a black dust that smelled like rotten eggs was in the area and was turning the houses a burnt black color.

Police and fire department emergency squads were sent to the scene but were baffled at the sight.

The State department of public health and safety was notified and they dispatched an emergency squad with State Police chemist Joseph Walker in charge.

Walker went around to each of the affected houses in the area described by police as being along both sides of Mystic street to Winchester road, Beverly road, Fairview street, Davis avenue, Robinwood road and houses on the hill side of Mystic street. The chemist took samples of the paint from each house and then went to the

Mystic Lake and removed a jar of water for sampling. Reporters attention was called to the hundreds of dead fish lying along the Arlington shore of the lake.

In a later report to the Arlington PRESS, Walker said the gas was hydrogen sulphide but he had no idea where its source might be.

He claimed there are only a few sources, one being an accumulation of muck at the bottom of a lake. If this muck, which is composed of decaying animal flesh and vegetation is suddenly stirred up and brought to the surface of the lake, hydrogen sulphide would be released over the area. The second source could be from an industrial plant and the third from a sulphur spring, such as is found in the south and west.

Walker went on to say he doubted if the gale winds felt here Monday night were strong enough to stir up the bottom of the lake. Continued On Page Two

## Special Notice

On Tuesday, September 19, 1950, inhabitants of the town of Arlington, qualified to vote in Primaries, are to meet at the polling places designated for the several precincts in said town for the following purposes:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following offices:

Continued From Page One

Street at 11:30 p. m. where three wires showered sparks on the houses along the entire street. Edison crews were sent to the scene as rapidly as possible to shut off the power. The sparks from the wires showered down so hard at one time that the fire department was forced to retreat to Mystic street to protect their apparatus and themselves from the deadly sparks.

Trees and large limbs crashing to the ground were responsible for carrying down wires throughout the Town. Trees and wires were reported down at: 129 Lake St., Foster St., Bailey Rd., Park circle, Mystic St., Fairview St., Albermarle St., Hillside Ave., Concord Pike, all along Massachusetts Ave., Highland Ave., Pond Lane, Pleasant St., all along Lake St., the Pine St., area, from Ranglely Rd., to Falmouth Road, The Winchester Country Club, Park Ave., No. Union St., Randolph St., Newcomb St., and Margaret St.

Street lights were out for more than two hours on Mass. Ave., from the railroad tracks to Mill St., the entire morningside area, the Pine St., area and all of Mystic St.

A huge tree fell across the Concord Turnpike early in the evening completely blocking traffic out-bound at Spring St., The State Police and State highway crews cut the tree up and removed it in short order.

Other trees toppling to the ground in Winchester and Medford tore down the fire alarm system which connects Arlington Medford and Winchester. The system remained out of order for some two hours. The three Towns remained in communication with each other by telephone.

Traffic was held up in two places when live wires fell to the ground. The wires at the Winchester Country club fell across the street completely stopping all traffic for over an hour. A huge tree falling across Lake St. brought down live wires with it and traffic was again blocked for an hour's time.

**STRANGE—**

Continued From Page One

Even if it did, Walkersaid he doubted if there would have been enough of the gas to do this damage. He also said there were no sulphur springs known in this area and Arlington police reported that no industrial plant dumps waste in the lake.

The houses which were affected by the gas resemble homes scorched and burned by fire. The hydrogen sulphide acts on the lead in paint, melting it and causing it to run. It also causes white and yellow paint to turn black.

Nothing can be done about the inside area that there is no health situation according to authorities, until such time that the gas stops blowing into the area.

Each house attacked by the strange gas must then be washed in a peroxide solution and the repainted. If they are not cleaned with the solution the second coat of paint will only do the same thing that has already happened.

Deputy Chief Charles Flynn reported to Joseph A. Purcell chairman of the board of Selectmen, that there is no danger of explosion, fire or any menace to health from the fumes. Purcell made an inspection of the area Monday afternoon expressing deep concern about the matter.

Authorities reported that there is no telling when the stench will stop. It will continue if the gas is being continuously fed. Local police and fire heads seem to think the water is the source of the terrible odor.

Residents of the morningside area reported they could not get any sleep during Monday night and were forced to spread all kinds of deodorants through their homes to keep from being driven out of their homes. All of the people expressed grief at what had happened to their homes for most of the houses are newly built.

There has only been one other instance reported in the United States of such a gas. This happened in Florida when a Sulphur spring forced its way to the top of a lake and destroyed many homes.

Acting police chief James J. Flynn said he and his inspectors would get to the bottom of this thing no matter how long it might take.

The houses which received the brunt of the gas attack face the lake on Beverly road. One of the more seriously damaged was that of Chief of Police Archie F. Bullock, who is attending the police

**Letter To The Editor**

The Russian propaganda is bent on destroying freedom throughout the world. Spurious Soviet lies aim to convince people that the war in Korea was begun by "imperialist war-mongers." Recently, both President Truman and Secretary of State Acheson expressed the need for a private, non-governmental organization to enter the "truth campaign" as a supplement for the State Department's Voice of America.

That is the reason why an organization known as the CRUSADE FOR FREEDOM which I am heading as Massachusetts State Chairman, was formed. The drive began on September 5th and will continue for six weeks, we hope to enlist the citizens of Massachusetts in the drive, part of a nationwide campaign headed by Gen. Lucius D. Clay, to combat Russian propaganda. We hope to accomplish this on two fronts—1. By securing millions of signatures to a Freedom Scroll, and 2. By obtaining the support of citizens through contributions for Radio Free Europe, a non-government radio station which penetrates the countries behind the Iron Curtain. Success of the drive will mean expansion of this station into a network of freedom radio stations designed to reach both Europe and Asia.

I am asking your cooperation in the CRUSADE FOR FREEDOM. Your wholehearted support of the drive can help kill the lies spued forth by the vast Red propaganda machine.

From time to time you will be receiving publicity releases from this office informing you of the chief's convention in Maine. He arrived home Tuesday morning to take charge of the investigation.

The Arlington Board of Health advises all residents of the morning safety danger attached to the gas itself. However, if any of the paint should rub off on the hands of children be sure that it does not get into their mouths. The paint combined with the hydrogen sulphide gas would be sickening.

sentative in Congress, and a District Attorney.

Democrats have no contest for Governor, but must nominate a Lieutenant Governor as well as the other state aspirants.

Interest is high in the G. O. P. gubernatorial contest, but there is little attention focusing on high Democratic offices locally.

## Mallard Hits Incumbents

"It is apparent" says Leo B. Mallard, Democratic candidate for Representative in the 25th Middlesex District, "that the attendance record, published by the Massachusetts Federation of Taxpayers, of our present Representatives over the past two years demands a change by the voters of the district."

In 1949 one of our present Representatives was absent 63 sessions and the other 28 sessions, BUT in election year (1950) one missed 45 sessions and the other 4. (Compare my record: attended EVERY meeting, regular and special, in FOUR years as a Somerville Alderman). Who is qualified to serve you best?

Remember you are the Employer in this instance. How much of the \$3750.00 salary, plus travel expenses, they collect did you get representations?

Thrift and careful spending are of the utmost importance these trying times. Our spending must be limited to what we can afford. Can Absentism curb extravagance and waste?

Let us consider the present incumbents. By continual "hooky" they show their disregard for you the voter who is paying their salary. Can one cover an empty seat in the legislature by circulating confusing literature in September.

Another candidate serving his first term as a Somerville Alderman declares (quote) Offers as NO OTHER CANDIDATE CAN, able, sincere, true, enthusiastic representation for the entire district. (He has been in public office months). This statement is an insult to the intelligence of the voters in the district.

trict. Some candidates have over ambitious publicity writers.

In reference to a candidate seeking two public offices the Boston Traveler in an Editorial, Sept. 9, 1950 says "...In the interest of good service, fair play and paring down the Hog: citizens should be held to one office. It is up to the voters to learn all about the candidates and distribute no more than one to a man."

Why are McEvoy, Corbett and Doncaster seeking both Democratic and Republican nomination? They are registered Democrats. Are they trying to confuse the voters?

I believe I am qualified by experience and proven ability on my record; Four years as Ward Alderman, Vice-president in 1947; President in 1948, Acting Mayor, School Committee, 1948, member of Finance Committee, 4 years, chairman, 1948; Chairman of Veteran's Service, 2 years; Electric Lines and Lights; Licenses and Permits; Public Property and Legislation Masters. Member of Boston Typographical Union No. 13, 30 years now working at the trade. Served on "Jimmy Day Cancer," Blood Bank, Stadium and other civic committees.

General Manager Boston Company, years. Past Commander and Treasurer of George Dilboy Post No. 529, V. F. W., Past Treasurer of Somerville Aux. Police Assn.; Member of Somerville Lodge of Elks, Past Commander of Somerville Allied War Veterans and Past President of the Veterans Political Club.

John Joseph Pietrantonio, son of Mr. and Mrs. Giuseppe Pietrantonio, 6 Harvard street and Mary Susan Cardillo, daughter of Mr. and Mrs. Luigi Cardillo of 9 Michigan Terrace, Lynn.

## Arlington Fire Dept's Notes

by "SPARK"

spent a very busy week answering six box alarms and a number of stills.

The box alarms were as follows; Thursday, rubbish fire at 21 Johnson road; automobile fire at the corner of Walnut and Gray Streets; Saturday morning, a fire at 30 Hayes Street which proved to be a faulty steam boiler in the cellar of a home; Sunday, a box alarm from 14 Carl road for a fire in a kitchen range and another box alarm from 56 Lancaster street for a fire in a bedroom closet; Monday, a kitchen range fire at 49 Claremont Avenue.

Fire officials have asked people to be careful in lighting furnaces and kitchen ranges. Both should be thoroughly cleaned before any fire is lighted.

Two of the box alarms sounded this past week were caused by faulty oil burners and furnaces. If these heating plants are attended to before being turned on, many small and possibly large fires will be prevented.

## Jewish Appeal Opens Drive

Monday, October 9, and Wednesday, October 18, are the two big days for the Arlington Women's Division of the Greater Boston Combined Jewish Appeal, Mrs. Eli Reingold, recently appointed chairman, announced today.

Revealing that this year the Women's Division would concentrate their major efforts on a one-day campaign, Mrs. Reingold said that Monday, October 9, has been set as the day for contacting all Jewish women in 29 Greater Boston communities, to seek contributions to the drive, which supports relief programs overseas and in Israel, aids DP's entering the United States and also finances the health and welfare program of the Associated Jewish Philanthropies.

The October 1 date is that set for the fifth annual Austerity Breakfast, to which all women who contribute \$100 or more will be invited.

Working with Mrs. Reingold will be Mrs. Clarence Richmond, vice chairman for Arlington.

A meeting of the Joint Board of Selectmen and Public works was held in conjunction with the weekly Selectmen meeting on Monday night.

At this meeting the State Board of Public Works announced they will supply the electrical conductors for the purpose of installation of traffic signals at the Swan place railroad crossing if the Town decides to put them in.

## LITTLE THINGS about the Stars

TELEVISION - RADIO - HOLLYWOOD

By GEORGE LILLEY

NEW YORK, N. Y.—The school teacher school teachers love, "Our Miss Brooks," is back on the radio, Sunday evenings on CBS. "Connie Brooks" is human and she is romantically inclined and she is wise and witty, too. "Connie" teaches high school English. She keeps busy instructing her pupils and keeping out of the way, when she can, of her staid school principal. Perhaps not many school teachers really are like "Our Miss Brooks," but somehow she seems quite real. This is the show's third year on the air and for Eve Arden her top radio success. At 15 Eunice Quaden left hometown Mill Valley, Calif., got a job in a department store, changed her name, spent her salary studying dramatics. Eve hadn't been out of show business since.

Eve Arden  
... teachers' pet

Miss Brooks," but somehow she seems quite real. This is the show's third year on the air and for Eve Arden her top radio success. At 15 Eunice Quaden left hometown Mill Valley, Calif., got a job in a department store, changed her name, spent her salary studying dramatics. Eve hadn't been out of show business since.

### CAVALCADE'S 16th

"Cavalcade of America," popular Tuesday night (NBC) dramatic program, is back for its 16th year on radio. The Du Pont show, dealing with the lives of Americans and American developments, has rolled into virtually an American institution. Its scripts, which delve into little known human interest incidents in the lives of its subjects, have attracted the top talent of New York and Hollywood.

Think of your favorite star; the odds are better than 3 to 1 he has appeared on a "Cavalcade" broadcast. The show has won a good portion of radio's better awards. Latest: the coveted citation by the National Congress of Parents and Teachers.

Lon McCallister  
... coming up

MR. D.A.'S GAL

Vicki Vola: clever redhead air actress, Vicki, according to a number of producers, has the "most listenable" voice on the radio. She plays "Miss Miller," ever-efficient secretary of "Mr. District Attorney" (Wed. nights, NBC). She's had the part on this major Hooper actor (16 million listeners) for 11 years. Denver-born, Vicki travelled to Hollywood for her early acting experience, spent four lean years there, supplementing her income selling perfume in a department store. The job convinced her she was an actress ("selling to so many different types and tastes takes acting"). Later Vicki bought six sandwiches, a one-way coach ticket and boarded a train to New York. In three days she had her first network role. She hasn't been idle since.

Later Vicki bought six sandwiches, a one-way coach ticket and boarded a train to New York. In three days she had her first network role. She hasn't been idle since.

### GODFREY'S TOPPER

Arthur Godfrey and his "Talent Scouts" have returned to the air, Monday nights, CBS. This is the fourth year for the redhead's top AM show. Launched as a sustaining feature in July 1946, the program went on television a couple of years later (Dec. '48) and quickly established Godfrey in that new and growing medium. "Talent Scouts" has been aired simultaneously on both radio and TV since. The format this season will remain unchanged. The talent consists of professional entertainers recommended by listener scouts. Every act that makes the show gets \$100, the scout \$25 (\$100 if his talent wins). Probably top discovery to date: "Da Moaner," Vic Damone.

## Selectmen's Challenge Notices

Charles P. Bridge, chairman of the committee for the building of the addition of the Hardy school, announced this week that the building addition has been completed and is now in use. He formally turned over the new addition to the Selectmen who in turn will place it under the supervision of the school department.

The building department has announced that permits have been issued for \$55,075 worth of building for the week ending Saturday, September ninth.

The warrant for the Town meeting has been formally signed according to the office of the Board of Selectmen.

A perambulation of the Town line dividing Winchester and Arlington will take place on Saturday, September 16, 1950.

Mr. Frank Icksay, secretary of the Arlington Board of Selectmen and the Town Engineering department will walk the line with the Selectmen from the Town of Winchester.

## QUICKIE QUIZ FOR SPORTS FANS

Shirley May France is shown as her trainer works with her in preparation for the second English Channel swim in two years by the 17-year-old American beauty, Chester Wilmut, assigned to bring the radio description of the effort exclusively for Mutual network listeners by short wave from the accompanying official launch, asks you to answer the following: (1) Have more than three women swum the Channel? (2) The length in miles of the usual Channel swim from Cape Gris Nez to Dover is nearest to: a. 15, b. 20, c. 25? (3) Was the first woman to swim the channel English or French or American? (4) When was the first recorded successful Channel swim?

ANSWERS:

(1) At least nine, though the records of two are in doubt. (2) 19 miles. (3) American - Gertrude Ederle, 1926. (4) By Matthew Webb of England, 1875.

Miss Martha Knowlton, daughter of Coach and Mrs. Henry Knowlton of 8 Maxwell road, was given a surprise party at the Winchester Town Hall on Thursday afternoon, August 31, by her co-workers at the Hall. Miss Knowlton who is a clerk at the Welfare Office, was greatly pleased with the luncheon party in honor of her marriage on Sunday, September 3rd, to Robert V. Abrahamson, son of Mr. and Mrs. Gunnar Abrahamson of 3 Holton street.

Mr. Richard W. Spencer was in town over Labor Day Weekend visiting his parents, Mr. and Mrs. Henry K. Spencer of 1 Central Green. Dick is working for the Eckert-Mauchly Company of Philadelphia. He was graduated from the Graduate School of the Massachusetts Institute of Technology in June, and was a member of the Class of 1944 at Winchester High School.

Friday, Edward J. Cronin, Secretary of the State of Massachusetts and William N. Hardy, Deputy Secretary of the State, made their annual inspection of the vital statistics storage facilities of the office of the Town Clerk.

## Dr. Robert A. Thornton To Teach at Brandeis University In Waltham

The appointment of Robert A. Thornton, noted physicist and former Associate Professor of Physical Sciences at the University of Chicago, as Lecturer in Physics at Brandeis University in Waltham, Massachusetts was announced today by Dr. Abram L. Sachar, University President. Dr. Thornton's appointment brings to 19 the number of educators who will assume new teaching posts at the two-year old University this fall.

A graduate of Howard University, Mr. Thornton received his doctorate in physics at the University of Minnesota and is the author of two physics textbooks, one of which is now in use at the University of Chicago. Last summer the noted physicist participated in President Conant's Seminar on Teaching Science at Harvard Uni-

## POLICE—

Continued From Page One  
reported the larceny of \$50 worth of women's apparel from his clothesline.

Officer Raymond Forrest reported an attempt to break and enter had been made at the Atwood dress shop in East Arlington, Monday morning.

Forrest discovered the attempt when a screen was found in back of the store. Further investigation showed where the window had been forced by a pick axe which was found broken in two near the scene.

The burglar probably ran from the scene as officer Forrest approached the dress shop on his regular rounds, trying the back doors to see if they were secure.

## Classes For Adults To Start Soon

Superintendent of Schools Clifford R. Hall announces the completion of details for a comprehensive Adult Education Program under the auspices of the Public Schools with the cooperation of the State Department of Education.

After witnessing the tremendous response and interest shown by the people of the Town in the experimental program offered last winter, the School Committee has decided that there exists a real and genuine need for courses in Home-making Arts and Crafts, Trade and Vocational subjects, Business and Citizenship education. Accordingly, Arlington will offer to its adult citizens the use of our fine Public School facilities for such subjects as Sewing, Upholstering, Machine Shop Practice, Blue Print Reading, Small Business Procedure and a host of other subjects. Complete details will appear in this paper next week.

## On Deans List At Boston U.

Boston University's three-year old school of nursing has announced the names of its students whose academic achievement during the Spring Semester of 1950 earned them a Dean's list rating, according to Dr. Daniel L. Marsh, President of the University, and Dean Martha R. Smith.

Established in July, 1946, as a separate school, after having been a division of the University's school of education since 1939, the School of Nursing has programs for both high school graduates earning Bachelor of Science degrees and graduate nurses holding Bachelor's degrees studying for Master of Science credits. There are 1135 students who studied at the school during the past academic year on a fulltime, part-time and extension course basis.

Among those earning high schol-

arity, and has been invited by the American Academy of Arts and Sciences to serve as a collaborator in the preparation of a bibliography of general education.

Other institutions of higher learning at which Dr. Thornton has taught are the University of Puerto Rico, the University of Alabama, Talladega College, Kittrell College, and Shaw University.

Dr. Thornton will join with Albert Guerdar, noted literary historian, Marie Syrkin, author, and lecturer, and Irving Fine, gifted young composer and conductor, as newly-appointed members of the Brandeis faculty. Quota-free Brandeis will admit its third freshman class this fall when the University will launch its intercollegiate athletic program.

## Kids Delight

Friend, relatives and neighbors of Jack Scannell of 63 Mystic St. were treated to a huge weenie roast Saturday night.

Jack just finished building a new cobblestone fireplace in his back yard and thought this would be a swell way to show it off.

Some fifty people including all of the neighborhood's youngsters partook of a feast of twenty five pounds of frankfurts under strings

astic honors were:  
William F. Zink, of 6 Golden Ave., Arlington.

## Fitzpatrick Cites Record

Sheriff Howard W. Fitzpatrick of Middlesex County, candidate for nomination to that office at the primaries on Tuesday, September 19th issued the following statement from his campaign headquarters recently.

"I know that the voters of Middlesex County have traditionally looked to their Sheriff for honest, efficient and humane conduct of that office. My administration, since I became Sheriff, has been based on those principles. Every single employee of the Sheriff's Office was returned to the County Treasury as unexpended. Many improvements were brought to the even with reduction in expenditures. I believe I have fulfilled my trust to everyone's satisfaction and have rendered the high type of public service the citizens of Middlesex County have a right to expect of their Sheriff.

"I earnestly solicit your vote for Howard W. Fitzpatrick for Sheriff of Middlesex County and pledge to continue the same program of progress in the interests of all the people of Middlesex County."

of multi colored lights which bordered the feasting place.

Everyone had a great time and all wish to express their thanks to Jack for the wonderful spread he offered.

**DRIVE CAREFULLY !!!**

## Rawson Runs For County Commissioner

Thomas R. Rawson, Woburn businessman who resides at 54 Hutchinson Road, Arlington is seeking the Democratic nomination for Middlesex County Commissioner.

Thomas R. Rawson

Rawson, a leading civic figure and official in his home town of Arlington, is waging a two fisted campaign which is characteristic of his success, both in the business and sports world.

"Tommy" Rawson as he is known in business and sporting circles, became a leading member of the New England Athletic Union, and was associated with the Massachusetts Institute of Technology and Harvard University in the Physical Education Department as boxing coach, and today is called to serve as a referee for leading, amateur and professional matches.

Characteristic of Tommy Rawson, he started at the bottom and through sound business judgement, fairness, honesty and persistence,

## Predict Victory For Coolidge

Republicans of this community, who are backing Coolidge as the Republican candidate for Governor, report steadily increasing support for the former Lieutenant Governor. They predict victory for Coolidge at the primary election, Tuesday, Sept. 19.

They report that many local Republicans, were at first confused by the presence of six candidates for Governor, have decided on Coolidge because only Coolidge has defeated Dever before and they say he will do it again this year.

Coolidge, the only candidate to be a former Lieutenant Governor and Senate President, has been vigorously campaigning all over the state since March at all hours and in all kinds of weather. He has been strenuously attacking the record of the present administration, which he describes as "Dever Squandermania" and hitting at what he calls "the war blunders of the Washington Administration".

Former Governor Bradford announced, "I am for Arthur W. Coolidge for Republican nomination and election as Governor, and I shall do all that I can to assure his election. He has already defeated the present Governor once; he can do it again, and then carry through the job that needs to be done in Massachusetts for the next two years."

built one of the state's most successful contracting, road building and trucking business.

Rawson is married and the father of four daughters. He is a member of the Wilmington Rotary Club, an Executive Committee Member of the Arlington Boy's Club, Arlington Lodge of Elks, the Arlington Council Knights of Columbus, and member of the Arlington Board of Public Works.

## State Representative Candidate 28th Middlesex District

**HENRY E. KEENAN** Dem. 66 Palmer St., Arlington Age 47 Occupation State Representative

Definitely interested in improving educational standards in Massachusetts. However, having served one Legislative term and realizing we have special committees within Legislature network, prefer to hear recommendations of Committee on Education, who will make complete study of subject and from their available information will make proper report to Legislative body. Relative to increased share for education, prefer to reserve opinion until Committee of Ways and Means has made recommendations. Will be able then to get whole picture on state finances.

**LAWRENCE E. CORCORAN, D.** 19 Wollaston Ave., Arlington Age 37 Lawyer

I would increase the state expenditure for education to at least the U. S. average of 40 per cent toward the cost of local schools and would do so by allocating an additional 10 per cent surtax on the state income tax, for that purpose. I would oppose any sales tax or state tax on real estate, to be collected by each city or town. The income tax is the only fair tax ever invented.

## Ask Support For Freedom Crusade

A group of distinguished religious, labor, industrial and civic leaders have been named to the State Advisory Committee of the Crusade for Freedom drive which began in Massachusetts Sunday Sept. 10, as a unique effort to mobilize Bay State citizens in the country-wide battle against Communist propaganda.

Heading the roster of clergy vigorously supporting the drive are Archbishop Richard J. Cushing, Episcopal Bishop Norman B. Nash, Rabbi Abraham J. Klausner, spiritual leader of Temple Israel, Boston. Others on the Committee include former Gov. Robert Bradford; newspaper editor Erwin D. Canham; Labor leaders Frank Carmichael, regional CIO director, Kenneth J. Kelley, secretary-treasurer, State Federation of Labor, and Michael J. Walsh, regional director or organizations for AFL; also, J. C. Richdale, President, New England Council; Atty. Charles

**HALAM T. RING (R)**-179 Hillside ave., Arlington-Age 47 (part time) Executive paper converting company.

Yes. Through greater economies and less politics in state operations. Taxpayers cannot stand much more taxation without reducing business turnover—and diminishing returns. Productive business must be encouraged. Massachusetts cannot hope to attain the "U. S. average" which is raised to 40 per cent by the rural states; an urban and industrial state is in a position to obtain a larger proportion locally. Larger distributions to the poorer communities in order to equalize educational opportunity is, however, definitely to be desired.

**HENRY C. ROWLAND (R)** 67 Pleasant Street, Arlington Attorney-at-Law

Yes. Decrease taxes paid to Federal Government. We pay one billion and a half dollars to the Federal Government annually. Elect more women to the Legislature and Congress. Until this happens do not look for any improvement in State or Federal Government. 1,000,000 more women voters than men voters on voting list. It can be done - if women wake up and assert their rights.

M. Storey, John L. Carten Jr. of the Federal Milk Marketing Administration; and Atty. Matthew Bullock.

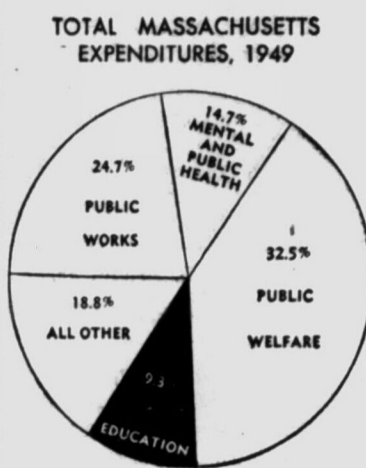

The citizens of Massachusetts will be asked during the six-week campaign to sign pledges affirming their belief in world freedom on a Freedom Scroll, and to support through generous contributions Radio Free Europe, a new radio station in Western Germany which broadcasts to peoples behind the Iron Curtain. Contributions will be used to expand radio facilities into a network of radio stations in Europe and Asia to carry the voice of freedom into all Soviet-dominated countries.

"By aiding us as members of the Crusade's Advisory Committee," Tufts added, "these leaders of our state and community life have demonstrated in a very practical way their personal participation in a great cause."

## Candidates For General Court

Information Compiled By

## The League Of Women Voters

**HOLLIS M. GOTT**, 90 Churchhill Ave., Arlington, (R) Age 65, Insurance

Question receiving serious study by Tax Commission above referred to. I do not care to prejudice matter until all relevant data compiled. Question should not be answered by inclination or desire as it is part of greater problem of equitably allocating state tax revenues. I note your organization on record as opposed to certain possible new tax sources. I trust you're willing and ready to assist by offering suggestions in trying to solve this problem—one of many now before us.

### ATTENTION

**UNDER THE NAME OF EACH CANDIDATE WILL BE FOUND THEIR PARTY, ADDRESS, AGE, OCCUPATION AND ANSWER TO THE QUESTION ON EDUCATION.**

**THE INFORMATION ON THIS PAGE WAS SUPPLIED TO THE ARLINGTON PRESS BY THE LEAGUE OF WOMEN VOTERS AS A PUBLIC SERVICE AND IN NO WAY REFLECTS ON THE EDITORIAL POLICY OF THIS PAPER.**

"The Korean crisis should alert every American to the need for spreading freedom's truths," he added.

## To Hold Annual Dessert Bridge

Mrs. John J. Sullivan, president of the Arlington Catholic Woman's Club, has announced that the Annual Dessert Bridge will be the opening activity of the club season.

The party will be held at the Belmont Women's Club, 661 Pleasant Street, Belmont Center, on Wednesday, September 20, at 1:30 P. M.

Busses leave Arlington Center at 12:50 and 1:20.

Mrs. William F. Harkins and Mrs. Thomas F. Sullivan, co-chairman, will be assisted by the following committee:

Mrs. John J. Sullivan, Mrs. Hycent Purcell, Mrs. William Lanigan, Mrs. Abram Rhodes, Mrs. John A. Ryan, Mrs. William Berlihy, Mrs. Joseph Belliveau, Mrs. Charles O'Brien, Mrs. Fred Goodsell, Mrs. John McAvoy, Mrs. Michael Wall, Mrs. James Rudden, Miss Marie Lanigan, Mrs. Stephen Connolly, Mrs. Edwin Brown, Mrs. Stephen Keefe, Mrs. George Higgins, Mrs. William Moynihan, Mrs. James Gagan Jr., Mrs. William F. Helmer, Mrs. William MacDonald, Myles Beaton, Mrs. John Allison, Mrs. Joseph Churchill, Mrs. George Colby, Mrs. John J. Coyne, Mrs. James Crotty, Mrs. James Doherty, Mrs. William D. Grannan, Mrs. Gordon Grant, Mrs. William Hylan, Mrs. John Igo, Mrs. Joseph A. Keefe, Mrs. William H. Keefe, Mrs. James McAvoy, Mrs. Eugene Monahan, Mrs. Peter McDonough, Mrs. Michael McElligott, Mrs. James

## QUESTION

This is the picture of State expenditures in Massachusetts for 1949. The percentage of cost of local schools paid from State funds is also shown. Would you increase the share for Education? If so, how? Answers must be limited to eighty words.

## CANDIDATE FOR STATE SENATOR 6th MIDDLESEX DISTRICT

**PHILIP H. GALLAGHER (R)** 34 Cabot Street, Winchester Age 40 Treasurer and General Manager, Winchester Brick Co.

I would increase share of public funds for education to the ability of the tax structure to pay. Would effect savings in all other state departments by the elimination of waste and inefficiency by placing all operations on sound business basis. Would effect tremendous savings in administration of all state departments now in need of business prudence and appreciation of obligation to the people who are shouldering the burden.

**ANDREW HAWK ZAMPARELLI** Dem. Age 37 Sixth Middlesex District 51 Summit Rd., Medford My 8-5487 Pres., Spotless Cleaners of Medford

Definitely yes. This is a very serious question and would require some lengthy study. I believe that school teachers are not paid adequately and that our education suffers because of the insecurity the teachers have.

If elected to the Senate I can assure the people that I will do everything in my power to vote for more appropriations for education. I feel that certain other branches of Gov't can stand a cut and properly reallocate funds for Education.

**FRANCIS B. GREELISH** Dem. 32 Quincy St. Medford Age 46 Attorney

Yes, I would increase the State expenditures for education. In the overall picture of state expenditures in Massachusetts, there are many efficiencies and economies that should be exercised for better government without curtailing any of the necessary services. It would be my aim to search out and effect these economies and efficiencies in order to allow for this increase in expenditure for education.

McGrath, Mrs. Walter McLean, Mrs. Frank Martell, Mrs. Edmund Norris, Mrs. Edward O'Connell, Mrs. Harry J. O'Reilly, Mrs. Joseph Roper, Mrs. Joseph Shallow, Mrs. John T. Smith, Miss Mary Walsh, Mrs. Charles Ward.

### UNIVERSITY THEATRE

A lusty action epic set against the roaring background of the great southwest just before the turn of the century, "The Furies" starts Sunday at the University Theatre. The exciting story of a fabulous cattle baron who brought his ranch-empire with guns and ruled it through violence, this production stars Barbara Stanwyck, Wendell Corey and Walter Huston in his last screen appearance.

Ann Sheridan and Victor Mature topline the cast of "Stella," the companion film, a new comedy drama.

**FRANK P. HARE (D)** 53 Roberts Rd. Medford Age 37 Engineering Draftsman

I would increase state aid to education. Various taxes were levied to meet a specific obligation, such as to pay the Veterans Bonus. When these purposes were fulfilled then I would direct the revenue to the aid of local schools. I would induce industry to come and remain in Massachusetts. This would insure prosperity and lessen the burden of public welfare, the difference could be applied to Education. This method would not involve any new taxation.

**JOSEPH A. PURCELL** Dem. Age 36 Sixth Middlesex 109 Broadway, Arlington Attorney-at-law

I would increase amount expended by Massachusetts for educational purposes. Over half the states provide larger local educational allotments than Massachusetts. Increased state allotments to the cities and towns will partially relieve the burden of educational costs placed upon the overburdened local real estate taxpayer and will tend to aid local municipalities to retain valuable teachers now leaving Massachusetts for better opportunities elsewhere. Careful scrutiny and detailed study of state expenditures will provide the most effective method of increasing these funds.

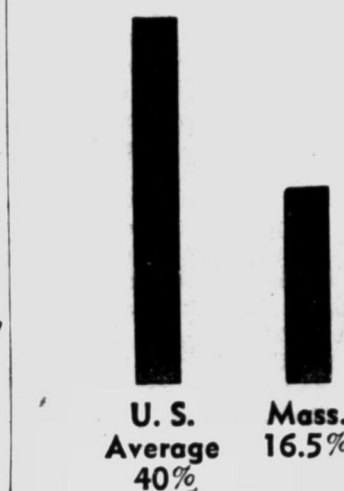

**DAVID J. MCCARTHY** Dem. Age 52 222 Woburn St., Medford, Mass. Managing Executive and Treasurer Dump Truck Owners Assn.

Yes. By reducing the cost of other government expenditures in added efficiency and economy and the enactment of laws to accomplish the foregoing. By investigating and publicizing present wasteful practices in State affairs whenever located. Close scrutiny of State Departments and State contracts.

Pirates and their gallant adversaries run riot in Walt Disney's realistic feature film in color by Technicolor, "Treasure Island," a faithful screening of Robert Louis Stevenson's melodramatic adventure tale which starts Wednesday for 4 days. Bobby Driscoll, Disney's brilliant 13-year-old star, rated the top juvenile actor of 1949 by the Academy of Motion Picture Arts and Sciences, has the coveted role of Jim Hawkins, the famous cabin boy of the treasure ship Hispaniola. Every power of the movies to create illusion is employed in the settings and in the action.

The uproarious family series chronicling the hectic life of the Bumsteeds continues with the newest "Blondie" comedy, "Beware of Blondie" the associate film. Penny Singleton, Arthur Lake and Larry Simms top the featured cast.

% OF COST OF LOCAL SCHOOLS PAID FROM STATE FUNDS

**JOSEPH F. McEVOY, Jr.** Dem. Age 32, 25 Middlesex District, 210 Powder House Blvd., Somerville Attorney-at-law

I am of the opinion the costs of education for the cities and towns of the Commonwealth have become such a large expenditure as compared with the total annual budget, that it is necessary the State or Federal Government assist the cities and towns. I am of the opinion by doing this, the total overall expenditures for education could be increased and thereby afford the school children of the Commonwealth better facilities, and opportunities to secure a better education.

### FIGHTING DIPLOMAT

Curley Bradley is not a diplomat in the sense of statesmanship, but he sure uses diplomacy as "The Singing Marshal" in Mutual's new Sunday western adventure drama series. As an officer of the law Curley can be fast on the draw, but he prefers, when possible, to preserve order by gentler methods of persuasion in the same spirit in which he's kind to a horse in thirsty weather.

## VETS NEWS

The Arlington Veterans Service Departments has been informed by Mr. Walter V. Robinson, Veterans Administration Insurance Officer for the Boston Regional Office, that when a member of the Armed Forces desires to place his commercial life insurance under the protection of the Soldiers' and Sailors' Civil Relief Act he should obtain the necessary forms from the commercial insurance company concerned.

These forms are not available at Veterans Administration Offices in Massachusetts as they are to be used only by members of the Armed Forces.

## To Hold Civil Service Exam

"A state civil service examination will be held on October 21, 1950 to fill stenographic civil service positions which may be open in Arlington. Applications and announcements are available at the Guidance Office at the Arlington High School and the last date for filing applications is on Monday, September 18, 1950."

## State Representative Candidate 25th Middlesex District

**CHARLES J. ARDITO** Dem. Age 25 25th Middlesex Dist. 118 Holland St., Somerville Asst. Department Mgr., Sears, Roebuck Co.

"Yes, by taking from Public Works Funds and from the 18.8 per cent or approximately one-fifth of the money designated as 'all other' we could bring the 9.3 per cent allotted for education up to at least 20 per cent of the total educational appropriations. From keen observation much of the 24.7 per cent of the money appropriated for public works instances where much of these funds are being wasted on unnecessary manpower on conventionally created projects."

**EDWARD CORBETT, (D)** age 50 25th Middlesex District 39 Curtis Ave. Somerville Pro. 0454 Divisional Manager

Yes. By enacting into law, the recommendations of the Recess Commission to study the structural set-up of the State Government to eliminate duplications of functions, improvement of operation and abolishment or consolidation of agencies which would result in the savings of millions of dollars, the greater part of which could be used for education.

**JAMES R. DONCASTER (D&R)** 70 Garrison Ave., Somerville Age 31 Engineer Steam

If found inadequate Yes. By the study of tax distribution to the education departments and to distribute funds without causing an injustice to the other departments of the State Government.

## Fighting Men To Get War Ballots

Massachusetts fighting men in Korea will be able to vote in the Fall biennial election the same as other absent voters, Secretary of State Edward J. Cronin explained today. Voters here will go to the polls Tuesday, Nov. 7.

Secretary Cronin said machinery was being set up to provide complete exercise of the voting exercise of the voting privilege by Bay State soldiers, sailors, airmen, merchant mariners and civilians in foreign countries. Plans for the overseas franchise will be similar to those in operation during World War II.

Either one of two procedures must be followed. The G. I. must apply to his local city or town clerk in the event that he is already a registered voter, for a ballot to be mailed to him at his proper military or naval address. Application may also be made by the service-man's kinfolks - his mother or father, sister or brother, aunt or uncle, etc., giving full particulars as to the civilian and military address of the person desiring to

## CHEF OF S. S. LIBERTE DENIES SLUR ON N. E. BOILED DINNER

FACING a real tempest in his old Pot-au-Feu (Pot on the Fire), Emmanuel Le Runigo, head chef of the S. S. Liberte, has qualified his alleged derogatory comments on the New England boiled dinner. When the refitted French liner arrived in New York Wednesday on her maiden voyage under the French Line's house flag, M. Le Runigo averted another Boston Tea Party by stating that he had been misquoted; and had not disparaged the pride of New England housewives by calling it a "copy" of France's ancient Pot-au-Feu.

He had merely intimated, M. Le Runigo insists, that New England housewives had the same culinary skill as French housewives. Had they not discovered, alone and unaided, the same secret of preparing the best boiled dinner in the world, just as French housewives had discovered this some centuries earlier? To prove his point he produced his Pot-au-Feu recipe, as served aboard the Liberte:

**POT-AU-FEU:** Put four or five-pound piece of beef into large pot with seven or eight quarts of water. Let it come to a boil, add salt and skim off scum. Add two leeks cut in large pieces, two onions, one small turnip cut in large pieces, eight carrots, half teaspoon of dry thyme, two bay leaves, two sprigs of parsley and six whole peppercorns. Cover and cook over slow fire for three hours or until meat is tender. Season to taste. Serve meat on platter surrounded by carrots

**RICHARD S. KELLEY** Dem. Age 25 25th Middlesex Dist. 47 Teale Ave., Somerville Attorney at law

State appropriations for the aid of local schools should be increased. The conditions and needs of my own district show the necessity for this increase, but the difficulty arises in determining how the need can be satisfied. I regret I do not have all the facts and therefore I can offer no solution, since it would be futile and hypocritical to propose a cure without a complete understanding of the malady. I would work to increase aid to local schools."

**WILLIAM P. HARRINGTON (R)** Age 24 25th Middlesex District 26 Kidder Ave., Somerville Pr. 6-6372 Group Insurance Specialist with Liberty Mutual Insurance Co.

I believe at least 20 per cent of the cost of local schools should be state-financed, the increased expense to be compensated for by rigid economy in other state services, and by weeding out malingerers from welfare rolls, which, according to your research, accounts for 32.5 per cent of our Massachusetts expenditures.

**LEO B. MALLARD** Dem. 34 Belknap St., W. Somerville 53 years Linotype Operator - Composition Estimator

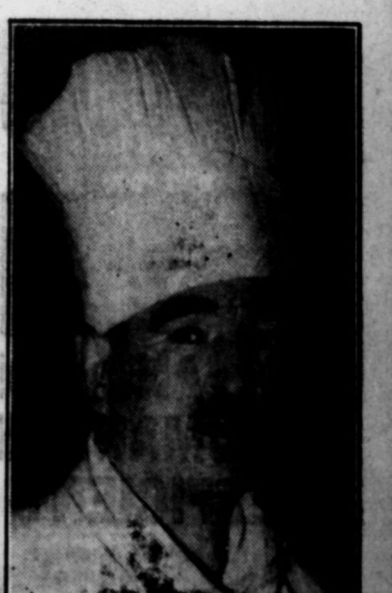

Yes, I believe we should increase our share of State funds for education, decreasing the local costs to cities and towns. How we could accomplish it is a question for study. The only information I have is this chart by the League of Women Voters. I believe first we should investigate other expenditures for savings and apply such savings to education. I believe in curtailing excessive expenditures in these times of heavy taxes and assessments and the high cost of living.

**LEE CARVER KITSON, (R)** 11 Henry Ave., Somerville, Age 59, Commonwealth of Mass., Dept. of Agriculture

Education not getting rightful share. Public Welfare costs should be reduced. Appalling for services rendered especially for State Wards on which I have facts. Allotment for Education can be increased by through overhauling in one department alone. Welfare. If Ways and Means Committee can reduce or vote against appropriations for one department they can do so for others. They have done so for current fiscal year. Young America not getting square deal and are asking What of Our future?

Special war ballots will be prepared by Secretary Cronin's office for distribution to the 351 cities and towns of the Commonwealth.

DRIVE CAREFULLY !!!

Emmanuel Le Runigo, S.S. Liberte's chef

and turnips, also pieces of small cabbage cooked separately in some of the bouillon removed for this purpose.

Taxed on the subject of which was the better dish, his Pot-au-Feu or New England boiled dinner, M. Le Runigo replied, "It has been said that one is just as good as the other - if not better."

THE COMMONWEALTH OF MASSACHUSETTS  
EXECUTIVE DEPARTMENT  
STATE HOUSE, BOSTON

A PROCLAMATION  
1950

Once again this year the Children's Cancer Research Foundation in cooperation with the Variety Club of New England, the Boston Bruins, and the motion picture industry, is appealing to the generosity of the people of New England to support the 1950 "LIFE" Fund.

This year the need is greater than ever before, because the cancer work being done with the "LIFE" Fund money has attracted world-wide attention resulting in such capable emphasis in the minds of children being treated that the specialists are utterly incapable to do the job. Hence, in addition to raising money for research, funds are now being sought for the construction of a building to house this ever-expanding program. Since youngsters treated represent old races, creeds and colors, it is, therefore, not a pleasure and a duty for me, as Governor of this great Commonwealth, to endorse the program heartily and to recommend the "LIFE" Fund as a most worthwhile endeavor.

Once more, it is the ardent contributions of the many, rather than the large donations of a few that indicate to me this is an activity of all the people.

Therefore, I, Paul A. Dever, Governor of the Commonwealth of Massachusetts, do hereby proclaim

JIMMY TIME

The first and second weeks of  
SEPTEMBER, 1950

and do so with the heartfelt recommendation that you help the little ones who represent the greatest state in the future of our great nation.

May the purpose of the Foundation grow in power so that the power of the people it fights may grow less and less.

GIVEN at the Executive Chamber in Boston, this seventh day of August, in the year of our Lord one thousand nine hundred and fifty, and of the Independence of the United States of America, the one hundred and thirty-fifth.

By His Excellency the Governor,

*Paul A. Dever*  
Governor

*Edward J. Cronin*  
Secretary of the Commonwealth

GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS

# J. McEvoy Conducts An Active Campaign

Representative Joseph McEvoy, Jr. has conducted an active but dignified campaign for re-election for one of the two seats as State Representative from the 25th Middlesex District, which consists of Wards 6 and 7 in Somerville and Precincts 1, 3 and 5 in Arlington. He bases his candidacy for re-election upon his training, experience and record of accomplishment as a public official.

Representative McEvoy is now completing his second term in that office. A life long resident of the district, he attended Somerville High School, Boston College and Boston University School of Law. An active practicing attorney, he is a former President of the Somerville Bar Association. He served as a member of the Board of Aldermen from Ward 7 from 1942 through 1945 and was President of the Board of Aldermen in 1945.

Representative McEvoy stated: "During the course of the current campaign, I have attempted to meet personally as many of the residents of the 25th Middlesex District as possible. In this way I have received the benefit of finding out first hand their thoughts and problems.

"In order for a public official to truly represent his constituents, he must maintain a close contact with them at all times.

"In soliciting support for my candidacy as one of the two State Representatives from the 25th Middlesex District, I have made no rash promises nor indulged in personalities or made attacks upon any of their candidates, as is commonly done by some.

"Instead, I have sought from the voters one of their two votes for this public office on my training, experience and record of accomplishment as a public official. That gives to the voters something tangible upon which to appraise and judge me.

"If a candidate is well trained and has represented the citizens previously in an honest, active and intelligent manner, it is fair to assume that he will do so in the future than to find out what he has done in the past.

"There has been considerable publicity about the attendance of the legislators at roll calls as the result of an article by the Mass. Federation of Taxpayers. The official records show that for the 1950 session of the legislature when I was not confined by illness for a considerable period of time as in 1949, I was absent on only four roll calls out of a total of 182. Some of the best and most conscientious members have missed roll. The Taxpayers' report states that some members have missed roll

## T. Shaughnessy Support Masses

Basing his claim to seek the Democratic nomination for State Senate in the Sixth District upon the fact that although Woburn was the only Democratic community in the district since the start and that Woburn has never been honored by a Democratic nomination, coupled with his remarkable record as a member of the Woburn City Council and now President of that body, the hard hitting Thomas A. Shaughnessy has amassed sizeable support in all four communities of the district.

In Woburn, President Shaughnessy's record in public life provided the spark and impetus for a live, virile organization of workers now smoothly functioning. His workers are not satisfied with merely mobilizing the Democrats of Woburn in Shaughnessy's behalf, but they have made very definite contacts in the other communities of the district. The result is the Shaughnessy campaign will be waged with vigor on all four fronts on primary day.

Shaughnessy is a Civil Engineer Employed by the Boston & Maine Railroad. He is a World War 11 veteran having served three years in the U. S. Navy, mostly in the South Pacific. He is a member of the Elks, Legion, Amvets and the K. of C. He resides at 58 Kilby Street, Woburn.

calls for entirely legitimate reasons, including illness, and that citizens should be more concerned with how their legislators voted.

"My actions have always been motivated by a desire to serve the people of my district in an honest, fair and impartial manner to the best of my ability. I have always been available to my constituents and also ready to assist them with whatever problems they may have had.

"It is gratifying to have one's record praised by veterans, property owners, labor, businessmen, old age organizations and by members of both political parties. I respectfully solicit from the voters one of their two votes for this office."

## E. N. Rogers Seeks Congressional Seat

Just as a Member of Congress always has considered it a genuine honor to represent the Fifth Congressional District in the Congress of the United States, this District and the Commonwealth as well know they are fortunate indeed to have Edith Nourse Rogers represent them in Washington. She is always on the job. She has never missed a vote on any important bill of legislation during the years she has been in Congress. She has answered every roll call except when the work of her Congressional Committees have prevented her from being on the floor of the House.

In facing up to the many complex problems confronting the United States prior to, and during the war, as well as the post war years, Congressman Rogers has shown great courage and commendable ability. In the years before the war, Mrs. Rogers fought against isolationism and constantly warned the country against the insane world conquest ambitions and inhumanities of dictator Hitler. All during this time she did everything possible to arouse the nation against the sale of war materials to Japan, Japanese competition against New England industries and Japanese military ambitions in the Pacific. Mrs. Rogers strongly urged the strengthening of the Army and Navy, the construction of new weapons for defense, the construction of airplane carriers for the Navy, in order to be ready to meet the challenge to our freedom and free way of life by the dictators. Mrs. Rogers was one of a few in Congress who had the foresight to vote for the fortification of Guam.

Since World War 11, Congressman Rogers has spoken out fearlessly, both in Congress and throughout the nation, against Communism. Time and time again she has warned the country. Time and time again she has urged the strength-

ening of our National Defense in order that the United States could stop the spread of Communism and its infiltration into this country. She has the fight in the House of Representatives. She has fought against and warned and counseled against the policy of weakening the Army, Navy, Marine Corps and Air Force. She vigorously supported the 70 group Air Force. She vigorously supported the construction of the great naval aircraft has supported every effort to build new and greater weapons for the Army. She has vigorously supported and urged the increasing in size of the U. S. Marine Corps and the placing of the Commandant of the Marine Corps on the Joint Chiefs of Staff. Mrs. Rogers has shown by her tireless work that the only way a free America can continue to exist in peace is by being sufficiently strong not only to defeat any challenge but to be strong enough to prevent any challenge from getting started or under way. It is to be noted that in her courageous fight against the challenges to freedom and peace by Hitlerism, Japan and Stalin's Communism she has received a number of threats against her life. But Mrs. Rogers has the stamina, the character, the courage to stand up to such cowardly threats and go forward fearlessly, fighting to protect the free way of life and this wonderful country.

Congressman Rogers, is a candidate for renomination in the primary next Tuesday. She will receive a large vote in the primary as well as in the election which comes on November 7th. This is attested to by the fact that over fifteen thousand voters signed her nomination papers, which is the largest number of voter endorsements any candidate for any office received in the Commonwealth.

## Cost Accountants To Hold First Meeting

The Boston Chapter of the National Association of Cost Accountants will hold its first meeting of the year on Wednesday, September 20 at the Hotel Bradford, Boston.

Local residents who are actively

mist with the Federal Reserve Bank of Boston, is a graduate of Dartmouth College, the Amos Tuck School of Business Administration and holds a Ph. D. degree from the University of Chicago. He has been an instructor of economics at the Massachusetts Institute of Technology and an economic analyst with the radiation laboratory of the same institution as well as instructor of statistics at Dartmouth College, Amos Tuck School of Business Administration.

Arthur B. Bright, Jr.

engaged in the promotion of this meeting are:

Arthur G. Flaherty, High Haith rd., Arlington; Charles R. Barstow, 15 Pondview rd., Arlington.

The chairman of the meeting will be Thomas L. Mison, Winchester, past president of Boston Chapter.

Arthur B. Bright, Jr., Hingham, will be guest speaker of the evening and has chosen for his subject "Communist Aggression and the New England Economy."

Mr. Bright is industrial econo-

*My father was a lonesome man*

I can remember the excitement in our house when we first got a telephone. Up to then, my father and mother had lived a lonesome life. They had to work long hours and sometimes they'd go for days without ever talking to a neighbor.

At first there weren't many calls we could make, but more and more people kept putting in telephones. Now it's hard to think of anybody who hasn't one. And because there are so many new telephones we can call each year, ours becomes more and more valuable to us.

Just the other day when my father broke a plow point, he saved himself hours of driving around in the truck because three telephone calls located a new one for him.

It makes me stop and think when I notice that although the cost of our food and lumber and help and a lot of other things has gone sky high these past few years, we still get the safety and time-saving and pleasure of 24 hour a day telephone service for less than a penny an hour.

Day and night the telephone is there to keep you in touch with your doctor, your friends, the plumber, the store down the street, and people all over the world. And today, with telephones in three quarters of all the homes in New England, the telephone is a bigger value than ever before.

**The Telephone Company**

(NEW ENGLAND TELEPHONE & TELEGRAPH COMPANY)

## Sox Clinch Pennant Defeat Tigers, 7-3

The AYA Red Sox won the Senior league Championship Saturday afternoon defeating the Tigers, 7-3, to close one of the most controversial series the AYA Senior league has ever experienced.

The series, destined to be a two out of three battle, went the distance with a protested game being up-held by the league office to give the Red Sox a one game advantage going into the Saturday playoff.

The PRESS in an effort to pick a player for the day final decided to give the honors to Frank Mucci, ace right hander of the Tigers, who came in cold from playing the right field position to put out the fire in the top of the fifth.

The game was a close one for the first three innings with the Sox taking off in the second to score two runs on three hits and an error by the Tigers left fielder.

The Tigers retaliated, in the last half of the second, scoring two runs to tie up the game on a walk, a double error and a bunt that turned into a four bagger.

The action calmed down in the top of the third with Don Higgins pitching excellent ball for the Tigers. In the last of the third Dave Marten, Red Sox pitcher, walked Rickie Powers and Higgins came to bat for the Tigers and scored Powers with a single, making the score, 3-2.

The fourth inning saw the clincher of the game for the Sox. With Higgins and Bertolami the battery for the Tigers, the heavy end of the Sox batting order came to the plate.

The Sox batted around scoring five runs on two perfect bunts, two errors, four hits and a double steal. Higgins then managed to find a small amount of the control he had

shown for three innings and struck out three men to retire the side.

Dave Martens pitched terrific ball for the next three innings allowing only three hits. Frank Mucci was called in from right field for the fifth inning and Higgins was sent to the showers. He showed perfect performance almost equalling that of big leaguer Joe Page allowing only one hit to the powerful Red Sox batters for the next three innings.

The Red Sox marched off the field triumphant and will be awarded jackets at the Sports night to be held in the fall.

## Keenan Backed By Labor Vote

Dear Representative Keenan:

I have been instructed by the State Legislative Board of the Brotherhood to advise you that the Brotherhood endorses you for re-nomination and re-election to the House from the Twenty-eighth Middlesex District.

You were elected in 1948 to serve in the House during 1949 and 1950. You voted for legislation filed by this Brotherhood and other labor organizations. Your labor record with this Brotherhood is 100 percent. One of the bills you voted for on roll call vote was House 2816, a bill filed by the Railroad Brotherhoods to correct clearances in railroad yards. Railroad cars and locomotives have increased in width but tracks in railroad yards have not been moved over accordingly. Since 1942, ten men have been killed and twenty-three injured in close clearance accidents and your good vote helped to pass this legislation in the House. It was also passed by the Senate and now is law and requires the railroads to move their tracks over, which will prevent close clearance accidents in the future.

You also voted for all legislation beneficial to the people of your district and the State and I know that when the people of your district examine this splendid record of service compiled by you for them, they will re-elect you to the House to continue your good service to

## J. J. Doncaster Stresses The Right To Vote

Alderman James R. Doncaster, a candidate for Representative from Precinct 1-3-5 of Arlington stresses the importance of voting and the fact that everyone should exercise their franchise by going to the Polls on both Primary Day and Election Day.

At a recent workers meeting and rally held in his behalf, Mr. Doncaster stated in part:

"The coming election is an extremely important one for every citizen in our District. Everyone will be effected regardless of his race, creed or station in life. We all have a stake in the outcome and the outcome will depend to a very large extent on the number of voters who will go to the Polls on Primary Day September 19th.

In this day and age when the right to vote and the right to have free elections has been cast aside by dictators of other countries, we should not only upon our voting as a civic duty but also as a wonderful privilege. A primary election is an important part of our elective system.

Mr. Doncaster has made this a major factor of his campaign.

Another major factor in Mr. Doncaster's campaign has been his effort to impress upon the voters that in this instance they will be selecting a Representative—that is a person to represent them in the Legislature.

Many voters have been shocked to hear of the attendance records of our two incumbents in the Legislature. Actually it is not quite proper to call it an "attendance record," a better name for it would be "absent record." Voters were not only yalarned by such conduct but felt that such disregard should not be further countenanced by this District.

In view of the above Mr. Doncaster has campaigned in this clear simple manner.

You have a right to vote. You have a duty to exercise that precious right.

You are selecting a Representative—be sure you vote for a man who will really attend the sessions and honestly represent you.

I close with personal regards.  
Very truly yours,  
John R. McIsaac, Chairman

## Radio Will Exploit First Jesuit Heroes

In a series of nine, daily broadcasts, beginning September 18, 1950 over Station WBMS (1900),

Words, music and startling sound effects are what make the weekday "Bob Poole Show" broadcasts what they are as Bob (front and center) and the alert Jack Keene make air-time listening. Today, just words are Mr. Poole's contribution for this group of queries:

(1) If you heard me say "Izzat so" on the air, would the spelling of the words be correct? (2) From what ancient language was "music" derived? (3) For that matter, what was the origin of the word "sound"? (4) What would you guess as the average number of words (English) the average English speaking person can use competently?

ANSWERS:  
(1) "Izzat" is Arabic word for honor, credit, reputation. "So" is Anglo-Saxon. (2) Greek. (3) Old French—"sonder". (4) Dictionary experts say the range is from five to 10,000 words.

Boston, the Jesuit Fathers will rehearse the thrilling stories of America's first heroes, the Jesuit Martyrs of North America. On weekdays the broadcasts will be given at 7:00 A. M., and on Sunday at 5:00 P. M. The same programs will be rebroadcast on Station WTAC (740), Cambridge at 9:40 A. M., from September 18th to October 2nd.

Rev. Joseph L. Murray, S. J., whose voice is familiar to listeners of the Sacred Heart Program will open and close the series of heart warming talks. Father Murray will highlight the marvellous exploits of the great-hearted John DeBreauf, S. J. and his companions, Noel Chabanel, the "magnificent misfit", Anthony Daniel, "the efficient" Charles Garnier, the "smiling angel", St. John Lalande, the "Saint of all trades", and St. Gabriel Lalemont the "undaunted".

Truly has the blood of those unselfish warriors of Christ sanctified our land. Their lives and deaths brought sanctity and saint-hood to our doorsteps. In presenting this series of broadcasts, especially at this time, when modern paganism threatens to destroy Western civilization, the Sacred Heart Program hopes, that Christian America will keep faith with these pioneers of Christ, and, imitating their love, loyalty, zeal, and sacrifice, defend our beloved Country and the principles, that have welded the great majority of our citizens into a God-fearing, peace-loving, prosperous, and powerful Nation principles that recognize the dignity of man, and man's God-given rights to enjoy under law, life, liberty, and the pursuit of happiness.

## V. F. W. Gives Merit Award To Att. Gen.

The Department of Massachusetts, Veterans of Foreign Wars, Council of Administration, voted unanimously to adopt the resolution of the South Boston Post, No. 6536 of the Veterans of Foreign Wars, which will award to Attorney General Francis E. Kelly, of Massachusetts, a certificate of Merit for notoriety service to veterans during his term of office.

The resolution adopted read as follows:

WHEREAS, the Veterans of Foreign Wars of the United States is organized for the purpose of assisting our worthy comrades, their widows and orphans and maintaining and extending the institutions of American freedom; and,

WHEREAS, the Veterans of Foreign Wars of the United States, as an organization of overseas veterans, desires to commend public officials who perform exemplary

public service, in particular to the aid of veterans; and,

WHEREAS, Attorney General Francis E. Kelly has consistently demonstrated a sincere interest in safeguarding the legal rights of all races and creeds; and,

WHEREAS, Attorney General Francis E. Kelly, the father of the Massachusetts World War 11 Veterans Bonus, has at all times been responsive to the welfare of veterans in giving of his opinions in the performance of his duties as Attorney General—his opinion relative to veterans on strike; and,

WHEREAS, Attorney General Francis E. Kelly has been astute in seeing that there is no intolerance displayed and in zealously guarding the rights of all persons.

Therefore, BE IT RESOLVED, that the Department of Massachusetts, Veterans of Foreign Wars, issue a certificate of merit to Francis E. Kelly, Attorney General of the Commonwealth, brilliant lawyer and distinguished member of the Bar, who has rendered outstanding and meritorious service to veterans and has been a loyal and cooperative friend during a notable career in public office.

## Lawrence Curtis To Run For Lieutenant Governor

With an ever-growing number of men in the armed forces and indications, therefore, that veterans' problems will be a major concern in America for some time, supporters of former State Treasurer Laurence Curtis, now seeking the Republican nomination for lieutenant-governor, point that a Curtis victory is the best assurance that veterans in Massachusetts will receive proper and adequate consideration.

A veteran himself of World War 1, which cost him a leg as a result of a naval aviation crash, Curtis for years has played a major role on the state and national levels in the affairs of the Disabled American Veterans and is thoroughly acquainted with the veterans' outlook and problems. His own war service did not end with the aviation crash for after leaving the hospital, he continued in service at Pensacola, Florida and was awarded the Silver Star Citation.

When he joined the Disabled American Veterans, it was not long before his talents for leadership and long experience in financial matters were put to work in behalf of the organization. He has served as State Department Commander and as Senior Vice-Commander of the DAV and, currently, is a Trustee of the National Service Foundation of the organization, whose function it is to raise money for disabled veterans.

In addition to his service as State Treasurer, Curtis brings to the primary an impressive list of other elective offices he had held, which, combined with other chapters in his career, give him an unusually sound foundation in governmental affairs. Elected to his first post in 1930, he served for four years as a member of the Boston City Council, four more in the State Legislature, and six as member of the State Senate. His career outside of politics includes service

## "Here's the Pitch"

By "Bump" Hadley

WBZ, WBZ-TV Sportscaster and Former Major League Pitcher

A NATIONAL MAGAZINE is currently conducting a poll among sports writers to name an All-American baseball team, and I'm wondering why you couldn't come up with an All-American team composed entirely of major league rookies.

For instance, how's this one sound? Supposing we start off with Walter Dropo of the Boston Red Sox at first base; Roy Hartsfield of the Boston Braves at second base; Al Rosen of the Cleveland Indians at third base, and Chico Carrasquel of the Chicago White Sox at shortstop.

In the outfield, I'd like Sam Jethroe of the Boston Braves, Irv Noren of the Washington Senators and Gus Bell of the Pittsburgh Pirates.

The catchers would be Sam Calderone of the New York Giants and Ray Murray of the Cleveland Indians. The pitchers could be Bob Miller of the Philadelphia Phils, Steve Nagy of the Washington Senators, Will Nixon of the Boston Red Sox, Luis Aloma of the Chicago White Sox and John Klippstein of the Chicago Cubs.

And for the "Bench," you could name Bill Serena, Cub third baseman; Luke Easter, Indian first baseman; first sacker Hank Art of the Browns; catcher Paul Burris of the Boston Braves; shortstop Danny O'Connell of the Pittsburgh Pirates; outfielder Ted Beard of the Pirates; outfielder Monte Irvin of the New York Giants, and outfielder Bill Howerton of the Cards.

Maybe that doesn't add up to an All-American, but there's a team that has pitching, power, depth, youth and speed. I'd take that gang tomorrow, and come close to winning the pennant in either league.

in the U. S. Diplomatic Corps, a period as secretary to the late, great U. S. Justice Holmes, an assignment as assistant to the U. S. District Attorney, and his own successful legal practice. In 1949, he gave up six months of his time to lead a successful fund-raising campaign for the Massachusetts Division of the American Cancer Society.

## Blood for GIs in Korea

BLOOD FOR WOUNDED GIs IN KOREA leaves by plane from Boston as clergymen of three faiths pray over the shipment. Blood was donated through the Red Cross Blood Center 314 Dartmouth St., and mobile visits throughout Greater Boston. Left to right: Rev. David R. Hunter, Mass., Council of Churches, Educational Committee; Rabbi Abraham Karp, Temple Israel, Swampscott-Marblehead, and Rev. Francis F. McElroy, Archdiocesan Director, Holy Name Society.

Shipment of universal type blood from Boston to Korea started Friday, August 25th, when the first 15 pints were packed in Army refrigerator boxes and flown by military plane to the West Coast. As the situation demands, the amount will be increased, it was announced at the first meeting of the newly organized Metropolitan Boston Chapter of the American Red Cross program on Wednesday, August 23rd, at the Regional Blood Center, 314 Dartmouth Street, Boston.

## LAWRENCE

FOR SHERIFF  
of Middlesex County

It's time to put a successful administrator, a capable efficient businessman in the Sheriff's Office.

The candidate most qualified for this responsible office is Walter E. Lawrence, a civil engineer by profession and a leader in civic and fraternal affairs.

Walter E. Lawrence has served on the Medford Board of Aldermen, in the State Legislature and as Mayor of Medford. While Mayor of Medford, he conducted a vast program of public improvement yet left a record cash surplus and established the highest credit rating in the city's history.

Walter E. Lawrence is a man of character and high reputation. He will devote full time to the office of Sheriff and administer it with ECONOMY, SAFETY AND SANITY.

Nominate Walter E. Lawrence the strong Republican who can win in November.
